

Summer Block 3

Shape

Small steps

Step 1

Understand and use degrees

Step 2

Classify angles

Step 3

Measure angles

Step 4

Calculate angles around a point

Step 5

Calculate angles on a straight line

Step 6

Vertically opposite angles

Step 7

Angles in a triangle

Step 8

Angles in a triangle – special cases

Small steps

Step 9

Angles in quadrilaterals

Step 10

Regular polygons

Step 11

Irregular polygons

Step 12

Circles

Step 13

Draw shapes

Step 14

3-D shapes
